

TOYOTA
LAND CRUISER

Hard Top LX

RUGGED STRENGTH

Nothing matches the power, strength,
A legend that is set to grow even bigger

■ Superb styling and a range of new colours add to the already wide choice of models. Starting with a choice of long, middle and short wheelbase models, with seating for up to 13 people, hard, soft and FRP tops or pickup, and diesel or gasoline engines.

toughness and reliability that has made Land Cruiser a legend.

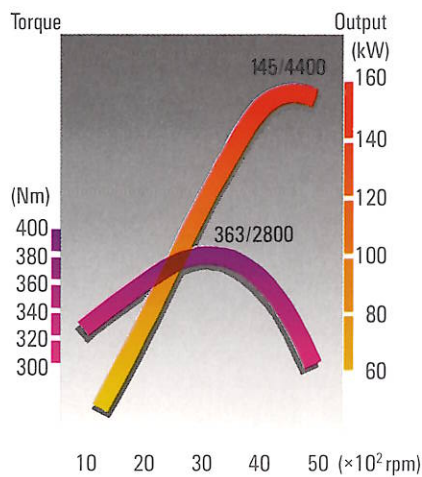

with its strong styling, robust performance and interior comforts.

POWERFUL

Massive 4.5-litre multi-valve power takes you to adventures beyond your wildest dreams.

No other off-the-road vehicle has made such smooth and speedy tracks in sand, mud and over rugged terrain as the new Land Cruiser. The designers used innovative ideas and leading-edge technology to give Land Cruiser a balanced performance: deep reserves of power, flexible torque, a smooth and responsive operation

and low fuel consumption.

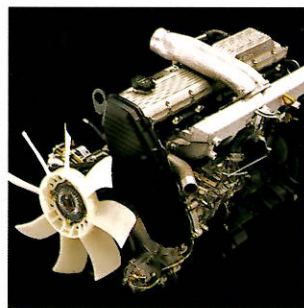

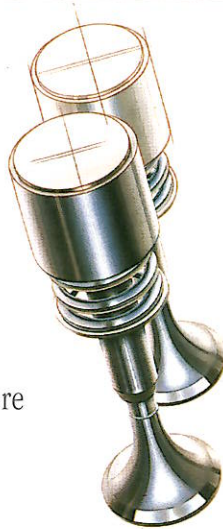

What makes Land Cruiser stand out

is its advanced 4.5-litre 24-valve engine. Conventional engines have just two valves per cylinder while multi-valve engines employ four valves: two for

intake and two for exhaust, which means an increased valve area. With this sophisti-

cated mechanism, the Land Cruiser's engine takes in more air/fuel mixture and exhausts it more quickly to pump out more high-end power. Intake

■ 4.2-litre OHC diesel engine is powerful yet quiet and produces high output and torque as well as providing improved durability.
 4.2 litre Diesel (1HZ)
 96kW/4000rpm
 280Nm/2000rpm
 —SAE net—

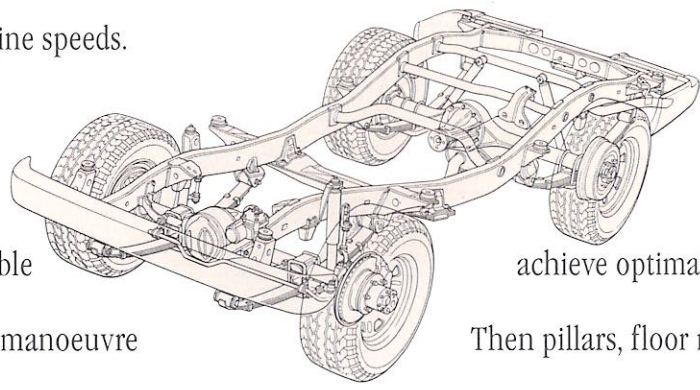

and exhaust manifolds are aligned in a straight line, creating a direct passage for the air to flow unhindered. And gear-driven twin camshafts, another

technological breakthrough, allow this engine to house compact pentroof chambers, in which each spark is located at the centre of the top, allowing quicker, more complete combustion, even at lower engine speeds.

You'll experience the remarkable result if you manoeuvre your Land Cruiser over a mountain pass or muddy road, when you need a lot more torque and traction.

Solid strength Body rigidity is a vital element when deciding on a vehicle's performance. Every Land Cruiser model uses a full-length, ladder-shape type frame which gives the body and suspension a taut backbone.

The body design was analysed to achieve optimal structural strength. Then pillars, floor members and roof panel were interlinked with reinforcements which were carefully applied to every critical point with minimum weight increase.

■Twin camshafts actuate four valves per cylinder, which creates a larger valve area, enabling the engine to take in more mixture and exhaust it more quickly. The result is more power when you need it.
24V 4.5 litre (1FZ-F)
145kW/4400rpm
363Nm/2800rpm
—SAE net—

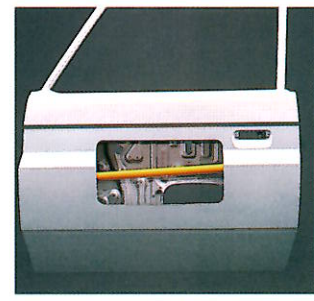

■Transfer gear selector allows you to switch between 4-wheel drive for roughing it off-road and 2-wheel drive for riding smoothly on paved roads.

■An optional high-mounted stop lamp is clearly visible, informing your presence and intentions to the driver behind you.

■31x10.50R15-6PR17 wide radial tyres have proven strength and durability for providing sure traction in mud or over sand.

■Land Cruiser's solid body structure has a rigid ladder shape frame for a firm foundation, computer-determined reinforcements and an impact beam in each side door.

SHORT WHEELBASE

Hard Top/Soft Top

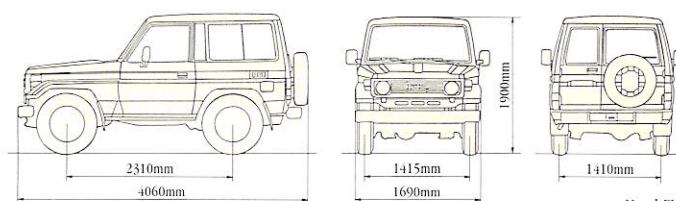

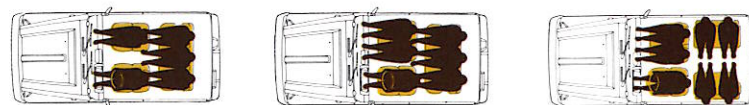

Hard Top LX

The power and strength to overcome demanding terrain.

Short Wheelbase Land Cruiser tackles the most demanding adventures, with a 4.5-litre 24-valve gasoline engine and superb manoeuvrability, which enable it to clear difficult obstacles.

	Grades	Engines	Seating capacity
Hard Top	LX ^L	24V 4.5 litre (1FZ-F) 4.2 litre Diesel (1HZ)	5, 6
	STD	24V 4.5 litre (1FZ-F) ^L 4.2 litre Diesel (1HZ)	5, 6, 7
Soft Top	STD	24V 4.5 litre (1FZ-F) ^L	5, 7
		4.2 litre Diesel (1HZ)	7

L: Available in left-hand drive only.

Hard Top

(Shown with optional equipment)

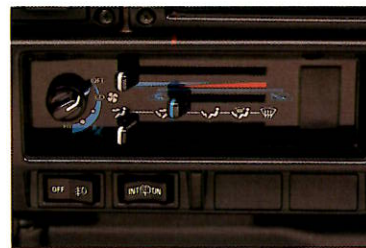

■ Among Land Cruiser's luxury features are optional power steering, power windows and a powerful air conditioning system. They all help make Land Cruiser one of the most comfortable 4WD's you'll ever drive. All instrumentation is carefully laid out to keep you alert and in total control. While a soothing colour scheme creates a relaxing atmosphere. Everyone will appreciate the supportive and adaptable seating, especially when you are off on a long camping holiday in the wilds.

■ Power steering ensures that you can handle, manoeuvre and park the Land Cruiser with ease every time.

■ Tilt steering wheel lets you select the most comfortable driving position according to your stature.

■ Air conditioner produces a powerful, cool air flow to keep the driver and passengers comfortable.

■ Audio system consists of an AM/FM multiplex radio and stereo cassette player for all your favourite sounds.

■ Power window switches offer easy operation, with switches positioned conveniently on the large armrest.

■ Suspension seat system promises extra comfort by absorbing vibration under bumpy conditions.

■ Auxiliary fuel tank holds extra reserves so you can venture farther afield off-road with extra confidence.

■ Rear window wiper, with washer and defogger, ensures wide, clear visibility to the rear.

LONG WHEELBASE

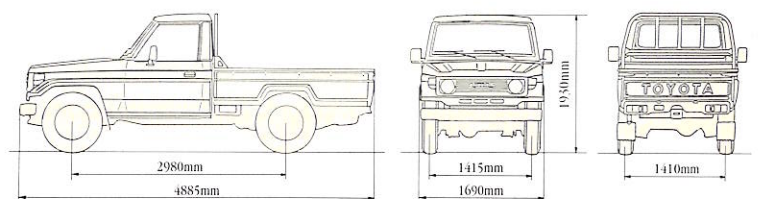

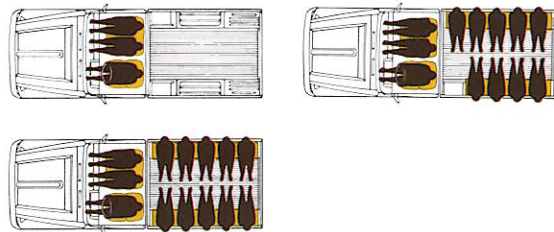

Pickup

Pickup. It will carry you and your working gear to the ends of the earth.

A heavy-duty worker, long wheelbase Pickup lets you pack a large cargo or up to thirteen-people on the toughest commutes to the remotest places in the world. It is here that Land Cruiser's forged its legendary toughness, power and reliability.

	Grades	Engines	Seating capacity
Pickup	STD	24V 4.5 litre (1FZ-F) 4.2 litre Diesel (1HZ)	3, 12, 13

LONG WHEELBASE

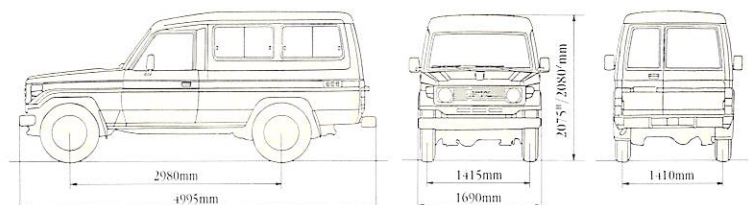

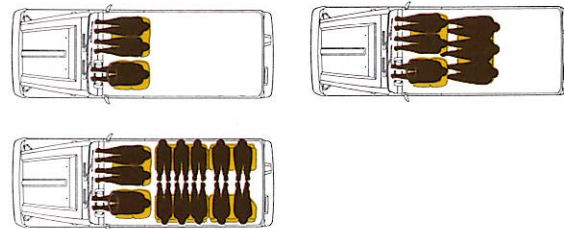

Hard Top

Long Wheelbase. Go to work beyond the reaches of the everyday.

When you work in the back of beyond, this large capacity hard-top wagon will get you there. Seating for up to thirteen people, famous Land Cruiser strength, and a choice of gasoline or diesel engines.

	Grades	Engines	Seating capacity
Hard Top	STD	24V 4.5 litre (1FZ-F) 4.2 litre Diesel (1HZ)	3, 6, 13

MIDDLE WHEELBASE

FRP/Soft Top

FRP Top LX

Middle Wheelbase. Strength and durability in a middle-sized package.

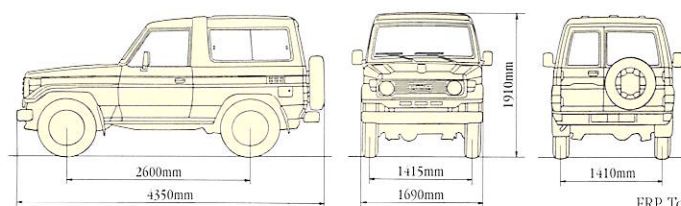

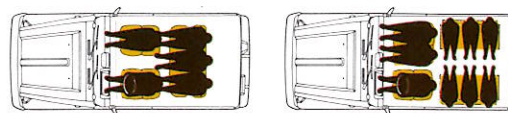

Land Cruiser Middle Wheelbase offers you the versatile choice.

Soft top or the easily removable FRP hardtop. With seating configurations from five to nine people. Diesel or gasoline engines.

All with the legendary Land Cruiser toughness, durability and reliability that will take you to the end of the earth. And back.

	Grades	Engines	Seating capacity
FRP Top	LX	24V 4.5 litre (1FZ-F) ^L	5
Soft Top	STD	24V 4.5 litre (1FZ-F) ^L	9

^L: Available in left-hand drive only.

Building better cars to serve more people

Research and development provides new technologies to build safer, cleaner and more intelligent vehicles so more people enjoy the benefits of better quality cars.

Research and Development

■ Manufacturing Toyota brain cells: Fabricating integrated circuits in a clean room.

Precision Production

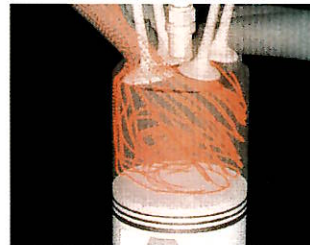

■ A precision production line. Robots ensure maximum accuracy.

Building cleaner cars in cleaner ways

To support the environment we're developing practical electric cars, devising technology for recycling plastics and replacing CFCs with an alternative by the end of 1993.

Environmental Commitment

■ Studying combustion helps reduce pollutants. The results are embodied in the lean-burn engine.

Environmental Action

■ Race-winning Ra Ra 10 solar car received an award for efficiency and practical potential.

A commitment to customer satisfaction

Toyota dealers know success depends on meeting your needs. No matter where your dealership is, you'll find people who make ownership a special experience.

TOYOTA
GENUINE PARTS

■ When you use only Toyota Genuine Parts, your Toyota maintains its performance because they're made to the same specification as the original equipment.

TOYOTA
QUALITY SERVICE

■ Your Toyota dealer knows that the secret of keeping your car running efficiently and economically is the regular and specialised service only he can provide.

■ Twelve of the world's top golfers compete in exciting match play for a million dollars in prize money on the West Course of England's famous Wentworth Club.

■ Toyota brings the best soccer clubs from Europe and South America together in front of enthusiastic crowds in a celebration of sportsmanship and the competitive spirit.

A commitment to world society

We support international friendship through sponsorship of sporting and cultural endeavours, and by direct involvement in various activities within many local communities.
